St. Joseph Hospice Foundation is an independent non-profit organization, chartered in 2003 for the purpose of providing financial assistance to non-compensated terminally ill patients and their families. Governed by a Board of Directors made up of members of the community, the Foundation relies on the support from communities throughout Louisiana and the Gulf Coast of Mississippi to provide for those in need, regardless of which hospice agency they choose.

This Jambalaya Cook-Off has become somewhat of a tradition for the Foundation, drawing jambalaya chefs from the surrounding areas that compete for prizes. Any size pot is welcome for the event and cooks may enter the competition by contacting Catherine Prados, Executive Director.

Plate lunches will be sold for \$5.00 each beginning at 11:30 a.m. and all proceeds from the event go directly to the Foundation to help those in need. Orders can be placed in advance by contacting the St. Joseph Hospice office in your area.
